Record of Affirmative Votes at Town Meeting 2000

Polls opened at the Cogswell Memorial School Auditorium in Henniker on Tuesday, the fourteenth (14th) day of March, 2000, at seven of the clock in the morning (7:00 a.m.) and voting commenced on the following:

1. Town Officers were elected as follows **(*asterisk indicates person elected)**:

Moderator – 2 year term
Wayne E. Colby* (899)

Selectman – 3 year term
Thea Braiterman* (827)

Town Treasurer – 1 year term
Susan Damour* (892)

Water Commissioner – 3 year term
Donald G. Blanchard* (891)

Cemetery Trustee – 3 year term
J. Albert Norton, Jr.* (862)

Planning Board (2 members) – 3 year term
Cordell Johnston* (717)
Judith Englander* (754)

Supervisor of the Checklist – 6 year term
Anne Gould* (883)

Trustee of the Trust Funds – 3 year term
Robert Gosse* (824)

Trustees of the Tucker Free Library
(2 members) – 3 year term
Janet Higginson* (845)
Patricia Osgood* (write-in) (263)
Nanette Colby (write-in) (8)

2. Are you in favor of amending the Town of Henniker district map by changing six contiguous lots in an area adjacent to Routes 202 and 9 and Foster Hill Road, lots 276, 276X, 277, 299C, 299D and 761A from a Residential Neighborhood (RN) designation to Medium Commercial (CM)? The petition indicates that of the lots involved, two are currently grandfathered for commercial use for transportation services, two are grandfathered for use as commercial forest products, and one is grandfathered for commercial retail use. **Submitted by citizen petition. Not recommended by Planning Board. FAILED.**

YES 241 **NO 674**

3. Are you in favor of adopting the new Town Code prepared by General Code Publishers Company, Inc. This is a code recodification, and combines and places all the existing policies, ordinances, and town regulations into one unified and coherent Code Book. It repeals all ordinances, resolutions, by-laws, and articles enacted in the past (except zoning) and replaces them with the contents of the code book.

The zoning ordinance has been incorporated in the recodification to reflect updates on previously approved regulations.

Approval of this article shall not be construed as preempting the authority of the selectmen or any other Town board or commission to amend those parts of the new code which are within their lawful authority to amend. (A list of the new codifications are on file at the Town Clerk's office for viewing.) **Recommended by Planning Board.** ***Requires majority vote.*** **PASSED.**

YES 732 NO 197

4. Shall we adopt the provisions of RSA 40:13 to allow official ballot voting on all issues before the Town? **Submitted by Petition.** ***Requires 3/5 majority vote for passage.*** **FAILED.**

YES 481 NO 440

The Meeting reconvened at the Henniker Community School Cafetorium on Wednesday, March 15, 2000 at 7:00 P.M. The Girl Scouts conducted a flag ceremony. Wayne Colby, Moderator, explained the procedure to be followed at the Town Meeting. The Moderator read the results from voting on Tuesday, March 14, 2000 and then declared the meeting open.

5. VOTED to raise and appropriate the sum of One Hundred Seventy-Three Thousand Nine Hundred Fifty-four Dollars ($173,954) for the Rescue Squad and Fire Department. **Selectmen Recommend.**

Rescue Squad	$ 74,890
Fire Department	$ 99,064
TOTAL	**$ 173,954**

A rate of $8.00 per hour for the Rescue Squad and Fire Department was included in the totals above.

6. VOTED to raise and appropriate the sum of Twenty-Five Thousand Dollars ($25,000) to be added to the Ambulance Capital Reserve Fund established in 1988 under the provisions of RSA 35:1 for the purpose of an ambulance for the Rescue Squad. **Selectmen Recommend.**

7. VOTED to raise and appropriate the sum of Two Thousand Five Hundred Dollars ($2,500) to be placed in the already established Fire/Rescue Department Building Maintenance Fund. This is an Expendable General Trust Fund established under the provisions of RSA 31:19-a. **Selectmen Recommend.**

8. VOTED to raise and appropriate the sum of Nine Hundred Nineteen Thousand Sixty-Four Dollars ($919,064) for general municipal operations. **Selectmen Recommend.**

Executive	$ 16,211
Town Clerk	32,529
Election and Registration	8,020
Tax Maps	2,400
Town Office	287,674
Tax Collector	35,188
Parks & Properties	12,825
Legal Expense - General	15,000
Planning Board	15,381
Zoning Board	3,165
Cemeteries	7,000
Insurance	85,903
Municipal Dues	1,890
Code Enforcement	18,399
Emergency Management	6,519
Athletics	21,050
Human Services	31,000
Patriotic Purposes	1,400
Band	5,000
Conservation Commission	1,155
Community Programs	18,482
Principal on Bonds	98,000
Interest on Bonds	65,203
Leases	99,670
Tax Anticipation Interest	30,000
TOTAL	**$ 919,064**

The following rates are included in the totals above :

- Selectmen and Treasurer	$1,500 per year
- Town Clerk	$15,785 per year
- Collector of Taxes, Sewer and Water Assessments	$15,785 per year
- Ballot Clerks; Supervisors of the Checklist; Surveyor of Wood and Lumber; Moderators	$5.15 per hour

9. VOTED to raise and appropriate the sum of Fifteen Thousand Dollars ($15,000) for the purpose of reconstructing the rear entrance of the Town Hall to meet the requirements of the American Disabilities Act and also provide an enclosure for the electrical upgrade panel. This is a non-lapsing article per RSA 32:7 and will not lapse before two (2) years or upon the completion of the project, whichever comes first. **Selectmen Recommend.**

10. VOTED to raise and appropriate the sum of Four Hundred Ninety-One Thousand Eight Hundred Sixty-Four Dollars ($491,864) for the Highway Department and Street Lights. **Selectmen Recommend.**

Highway Department	$ 349,364
Highway and Streets	123,500
Street Lighting	19,000
TOTAL	**$ 491,864**

11. VOTED to raise and appropriate the sum of One Hundred Twelve Thousand Four Hundred Dollars ($112,400) to replace a Highway Department 1982 Ford sander/dump/plow truck and purchase a similar year 2000 model truck to include all-wheel-drive, 6 speed automatic transmission, diesel power, and "flo & dump" multi-purpose dump/spreader body, and also to include an 11 foot power angle front plow and 11 foot wing plow. **Selectmen Recommend.**

12. VOTED to raise and appropriate the sum of Ninety Thousand Dollars ($90,000) for the purpose of reconstructing, repairing, reclamation, and re-paving of town roads in need of such repair; to include any design and necessary preparation work such as culverts and drains. **Selectmen Recommend.**

13. VOTED to raise and appropriate the sum of One Hundred Twenty Thousand Three Hundred Eighteen Dollars ($120,318) for road improvements, contingent upon the receipt of the Town's share of the State of New Hampshire's Highway Block Grant. This is a non-lapsing appropriation for five (5) years. **Selectmen Recommend.**

14. VOTED to raise and appropriate the sum of Five Hundred Ninety-Five Thousand One Hundred Forty-Two Dollars ($595,142) for the Police Department and Animal Control. **Selectmen Recommend.**

Police Department	$ 576,149
Animal Control	18,993
TOTAL	**$ 595,142**

15. VOTED to raise and appropriate the sum of Two Thousand Dollars ($2,000) to be added in the already established Police Department Maintenance Fund for the purpose of maintaining the station facility in case of unanticipated repairs to the building. This is an Expendable Trust Fund established under the provisions of RSA 31:19-A. **Selectmen Recommend.**

16. VOTED to raise and appropriate the sum of Three Hundred Twenty-Four Thousand Nine Hundred Sixteen Dollars ($324,916) for solid waste disposal for the ensuing year. **Selectmen Recommend.**

17. VOTED to raise and appropriate the sum of Nineteen Thousand Five Hundred Dollars ($19,500) for a new skid steer loader to be used at the transfer station facility. This is a non-lapsing article per RSA 32:7 and will not lapse before one (1) year or upon the completion of the project, whichever comes first. **Selectmen Recommend.**

18. FAILED to raise and appropriate the sum of Seventeen Thousand Five Hundred Dollars ($17,500) for a 2000 model pick-up truck for the Parks & Properties/ Transfer Station/Emergency Management Departments. **Selectmen Recommend.**

 MOTION TO AMEND ARTICLE 18: To raise and appropriate the sum of Twenty-Seven Thousand Five Hundred Dollars ($27,500) for a 2000 model pick-up truck to include four-wheel-drive for the Parks & Properties/Transfer Station/Emergency Management Departments. PASSED.

19. VOTED to raise and appropriate the sum of Eighty-Five Thousand Five Hundred Thirty Dollars ($85,530) for the Tucker Free Library. **Trustees of the Tucker Free Library Recommend. Selectmen Recommend.**

20. VOTED to raise and appropriate the sum of Four Thousand Dollars ($4,000) for the purpose of repairing the library chimney, and to designate the Library Trustees as agents to expend. **Trustees of the Tucker Free Library Recommend. Selectmen Recommend.**

21. VOTED to establish an expendable trust under the provisions of RSA 31:19-a for the purpose of repairing and maintaining the library building; and to raise and appropriate the sum of Five Thousand Dollars ($5,000) to be placed in said trust fund; and to designate the Trustees of the Tucker Free Library as agents to expend. **Trustees of the Tucker Free Library Recommend. Selectmen Recommend.**

22. VOTED to raise and appropriate the sum of Three Hundred Thirty-Nine Thousand One Hundred Thirty-Six Dollars ($339,136) for the operating expenses of the Wastewater Treatment Plant. This sum is to be funded by the sewer assessments. **Sewer Commissioners Recommend. Selectmen Recommend.**

23. VOTED to raise and appropriate the sum of One Hundred Eighty-Five Thousand Six Hundred Forty Dollars ($185,640) for the operating expenses of the Cogswell Spring Water Works. This sum is to be funded by the water assessments. **Water Commissioners Recommend. Selectmen Recommend.**

24. VOTED to create an expendable general trust fund under the provisions of RSA 31:19-a, to be known as the Skateboard Park Trust Fund: For the operations and maintenance of the Skateboard Park, location as designated; and further to appoint the Selectmen as

agents to expend; and further to raise and appropriate the sum of Two Hundred Sixty-Three Dollars ($263) to be placed in the Skateboard Park Trust Fund; and further to provide that contributions and grants to said Trust Fund may be made at any time by private individuals, corporations or trusts and/or private charities and any others pursuant to RSA 31:19-a, IV. **Selectmen Recommend.**

Motion made to restrict reconsideration on Articles 5 through 23, in accordance with RSA 40:10, Paragraphs 1 and 5. PASSED.

25. VOTED to raise and appropriate the sum of Two Thousand Dollars ($2,000) to be placed in the Conservation Fund in accordance with RSA 36-A:5 to be used for the purpose of conducting an inventory of the Town's natural resources as required by State law. Said inventory will provide data to the Town's master plan and establish priorities for open space protection. This is a non-lapsing article per RSA 32:7 and will not lapse before three (3) years or upon the completion of the project, whichever comes first. **Selectmen Recommend.**

26. VOTED (with the amendment that follows) to raise and appropriate the sum of Two Hundred Forty-Five Thousand Dollars ($245,000) for the purpose of constructing a bike/pedestrian path on Old Concord Road, to have access to athletic fields and Amey Brook Park; and furthermore, to allow the selectmen to accept grant monies from the NH Department of Transportation under the Transportation Enhancement Project in the amount of eighty percent (80%) or One Hundred Ninety-Six Thousand Dollars ($196,000); and to allow the selectmen to accept any other grants, donations from individuals, corporations, in-kind donations of labor and/or materials, organizations, private trusts, and/or private charities, and any others pursuant to RSA 31:19-a, IV for the remaining twenty percent (20%) required by the Town; and furthermore, to raise the sum of Twenty-Eight Thousand Eight Hundred Fifty Dollars ($28,850) by local taxation to fund the final estimated amount to meet the required twenty percent (20%) portion, such funds to be placed in the previously established Capital Reserve Fund for this purpose. This is a non-lapsing article per RSA 32:7 and will not lapse before three (3) years or upon the completion of the project, whichever comes first. **Selectmen Recommend.**

MOTION TO AMEND ARTICLE 26: Motion was made to add at end of Article 26, "Actual construction of the Pathway shall not occur until approved at a Town Meeting." PASSED.

MOTION TO TABLE ARTICLE 26: A motion was made to table Article 26 indefinitely. FAILED.

27. VOTED to send the following resolution to the New Hampshire General Court: Resolved, New Hampshire's natural, cultural and historic resources in this Town and throughout the state are worthy of protection and, therefore, the State of New Hampshire should establish and fund a permanent public/private partnership for the voluntary conservation of these important resources. **Submitted by petition.**

28. NO MOTION WAS MADE to reclassify that portion of the road known as Brown's Way from its intersection with Old Hillsboro Road 0.45 miles from a Class VI highway to a Class V highway conditional upon compliance with betterment assessments as authorized by RSA 231:22a. **Submitted by petition.**

To transact any other business that may legally come before this meeting.

The meeting was adjourned at 9:05 p.m.

Report of the Selectmen

The Board of Selectmen presents our report for the year 2000.

The Board would like to thank all of the volunteers, employees, and citizens for their hard work over the past year. The continuing spirit of cooperation and support make our town a better place to live.

Our department heads and staff continue to diligently pursue our goal of improving and maintaining the infrastructure within our allotted fiscal goals. We are proud to present their operating budgets to the Town for your approval. This is the third year of our five-year goal of maintaining a Town tax rate of between $9.00 and $10.00 per thousand. Last year's tax rate was $9.89 per thousand. We are been fortunate to have an excellent group of employees who serve our community with great dedication. Our goals cannot be accomplished without them.

We look forward to seeing you at Town Meeting and ask for your support.

Respectfully submitted,
BOARD OF SELECTMEN
JOSEPH P. DAMOUR, CHAIR
THEA BRAITERMAN
RODERICK PIMENTEL

Report of the Town Administrator

The year 2000 was very productive for the town government of Henniker. As a result of Town Meeting 2000 we were able to complete many tasks and implement new ones which became funded.

Having completed my first full year as Town Administrator gave me much more insight on the community and what the climate of expectations for its citizens actually is. Many new projects were funded and embarked on such as Parks and Properties, engineering plans developed for the Old Concord Road bicycle/pedestrian pathway and a massive reconstruction of the roads within the Tanglewood development.

In bringing these projects forward I would like to give special thanks for the support given by the Budget Advisory Committee, Board of Selectmen and the department heads and staff whose expertise and dedication have been so important in successfully maintaining a town government.

One of the most significant areas of change is the wonderful relationship that is building between the town government and New England College. Many elected town officials have been included in various invitations to college functions and breakfast meetings to discuss the new and exciting improvements to the college. A two million dollar building project is currently being constructed and we are assured that this project, when completed, will be available for use by many town boards and other organizations who may require the audio/visual technology for various presentations. New England College is also committed to assist the town in a major sidewalk and lighting project along Bridge Street in front of the Simon Center. We thank them for their generous financial support in funding a portion of the new proposed lamp post installations provided that the Town fund a small share at the 2001 Town Meeting.

The selectmen's office has gone through a reorganization process which resulted from two resignations within the office staff including the Selectmens secretary and the Code Enforcement, Zoning and Health Officer. We have combined the secretary's duties with those of assisting the public in processing building permits and providing all of the administrative duties related to inspection services. Also, the position of Zoning Compliance Administrator has been created as a separate function relating to zoning questions or code violations. The building inspector's duties have been passed on to the town administrator with the assistance of the fire chief and the new position of Fire & Life Safety Officer. A cost savings for the town has been dramatic and the new arrangement is available five days a week , eight hours a day at the Town Hall instead of the former three days availability for limited hours.

The Parks and Properties Department which was formed last year has been an overwhelming success and many favorable and positive comments were received from the people of Henniker, especially the business community and athletic committee. With the purchase of all the equipment necessary to guarantee the park maintenance service we are eager to start the new season with a fully equipped department ready to go.

Another major accomplishment is the completion of the first phase of the Henniker Skateboard

Park. Many volunteer hours have been put forth by the committee and our special thanks goes out to all those who donated their time and energy toward it's completion. Many donations have also been received and for that we are truly grateful.

I look forward to another productive year as Town Administrator insofar as playing a strategic role in fulfilling all of the important projects of the coming year.

Projects Completed

- Tanglewood development road reconstruction project.
- Equipment purchases to completely outfit the New Parks and Properties department including a new pickup truck and heavy duty lawn mower and trailer plus many other smaller tools and motorized equipment.
- Hiring of an engineering firm to undertake the task of designing the Old Concord Road Bicycle/pedestrian pathway
- Consolidation of the building permit, code enforcement, health and other inspections services under one roof with additional hours and days.
- Completion of latest computer installations in town departments including, Town Hall.
- Renovating and adding an addition to the rear of town hall for additional storage and entry way.
- Actual construction undertaken at the Patterson Hill Road Bridge with completion expected in Spring 2001.
- Negotiating with NHDOT to revise focus at the Edna Dean Proctor Bridge to include reconstructing new cement sidewalks from the center of town to the Simon Center along Bridge Street to coincide with downtown lighting project.

Major Purchases Completed

* Police cruiser
* Pickup truck for Parks Department
* Heavy duty lawnmower for Parks
* Highway Department dump truck
* Skid Steer Loader for Transfer Station
* Heavy duty trailer for lawnmower

The Year Ahead

Completion of Patterson Hill Road Bridge.

At year's end the bridge project will have been about 40% completed with the total completion expected in the spring of 2001. Many delays have been associated with the permit process and the "unexpected" in discovering some additional obstacles in the construction. The reconstruction of the stone walls became more complex than originally thought and safety factors

came into consideration which changed some of the requirements. However, most of these obstacles in the construction phase are resolved and the work will move more swiftly through the winter and spring of 2001.

- Construction at Town Hall has begun

The construction project in the rear of the town hall is moving right along and will be completed by the end of winter 2001. The design has, so far, met with the aesthetics detail of the rest of the building and is blending very well.

Capital Reserve Funds

- Ambulance Capital Reserve Fund

As in other years the Town of Henniker receives revenue from receipts on billings for service. This revenue is available in a special fund in order to have payment already funded for a new ambulance in the future. We have made it a practice to place $25,000.00 annually in this fund.

- Fire/Rescue/Police Station General Fund Expendable Trust Fund

We continue to plan for emergency maintenance issues to come to these buildings from time to time and in order not to deplete on their respective operating budgets we are now in a financial position to provide funding in the event of an emergency situation.

This year there will be a warrant article for a new Capital Reserve Fund for the purpose of saving for a new piece of fire apparatus. It is expected that the new fire truck will be ordered within the next three years.

New Equipment

- Highway Department

The addition of a new dump truck is being sought in the warrant of the 2001 Town Meeting. This will be a much needed addition to the fleet of fine equipment already in place and will add to the efficiency of the department, especially in the winter plowing and sanding requirements of the town. This will replace a smaller, older vehicle which is going to the fire department for conversion to a brush fire truck.

Road and Public Works issues

Again, the highway department is seeking an additional $90,000 to help in the task of catching up on road maintenance programs. On this year's anticipated road projects list is the Quaker Hill area including the reconstructing and repaving of Quaker street.

New Equipment

A major lighting program has been proposed to carry out Phase II of the downtown revitalization effort established and begun about 14 years ago. This new phase will carry on the lamp post lighting from the center of town over the Edna Dean Proctor Bridge and on both sides of the road on Bridge Street to the second driveway in front of the Simon Center. The State has contributed $60,000 towards this project and the Town is attempting to raise $15,000 at town meeting, of which the remainder is to be raised by private donations. Some $20,000 of the required $23,000 donations are already pledged at this time.

Overall Budget

The most difficult task for town selectmen and administrator is trying to keep the upcoming year a prudent one financially. It is always a concern to live within the budget and be able to carry out the tasks which undoubtedly will have a major price tag. In preparing a municipal budget we are always aware of the fact that the tax impact is of so much importance to the taxpayer.

The budget for the year 2001 is projected to have a minimal impact on the tax rate in comparison to last year. I believe it is safe to say that it will remain about the same as 2000 if all items on the warrant pass at town meeting. A possibility of a few cents lower also exists.

I feel that this year we can move ahead and progress with all of our departments and committees and bring to completion many of the ongoing and future needs of the town.

Finally, I would like to thank all of you for your continued kindness and cooperation and assure you that my "door is open " at all times if you wish to talk to me. My e-mail address is Pflynn1022@aol.com

Respectfully submitted,
PETER R. FLYNN
TOWN ADMINISTRATOR

TOWN WARRANT
2001

Town of Henniker
State of New Hampshire

To the inhabitants of the Town of Henniker in the County of Merrimack in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Henniker Community School Cafetorium in Henniker on **Tuesday the Thirteenth (13) day of March next, at seven of the clock in the morning (7:00 a.m.)** to act upon the following:

1. To choose the following Town Officers for the Ensuing Year.

 - One Selectmen for a term of three years
 - Town Treasurer for a term of one year
 - One Cemetery Trustee for a term of three years
 - One Trustee of the Trust Funds for a term of three years
 - One Trustee of the Tucker Free Library for a term of three years
 - One Water Commissioner for a term of three tears
 - Two Planning Board members for a term of three years
 - One Planning Board member for a term of one year

To vote on the following:

2. Are you in favor of amending Article XIII Administration, Section 133-56 of the Henniker Zoning Ordinance to read as follows: "No fee shall be charged for a permit under this article if the reasonable cost to complete construction, reconstruction, repair, alteration or similar activity will be less than $1000. **Recommended by the Planning Board.**

3. Are you in favor of adding a new section after section 133-21 of the Henniker Zoning Ordinance, to read as follows: "Construction of an in-ground swimming pool shall include safety fencing of at least four feet in height. The gate shall have a locking mechanism to deter unauthorized or unsupervised use of the swimming pool area." **Recommended by the Planning Board.**

4. Are you in favor of amending the Henniker Zoning Ordinance to provide that "bed and breakfast" homes are permitted by special exception in every district other than heavy commercial. To obtain the special exception and the requirements and procedures of Article XVI; the applicant must also demonstrate to the Planning Board that the proposed

site satisfies all the requirements of site plan review. (Article Regulations are on file at the Town Clerk's office for viewing.) **Recommended by the Planning Board.**

THE POLLS WILL BE OPEN FROM 7:00 AM TO 7:00 PM FOR VOTING

You are hereby notified to meet at the Henniker Community School Cafetorium on **Wednesday the Fourteenth (14) day of March, at seven of the clock in the evening (7:00 p.m.)** to act upon the following:

5. To see if the Town will vote to raise and appropriate up to the sum of Seven Hundred Fifty Thousand Dollars ($750,000) for the purpose of constructing an in-ground storage tank for additional storage of 500,000 gallons of water for the Cogswell Springs Water Works to be located on land known as 14 Davison Road, Map 2, Lot# 96-H and; furthermore, to authorize the issuance of not more than $750,000 in bonds or notes in accordance with the provisions of the Municipal Finance Act RSA Chapter 33 and; to authorize the Selectmen and Commissioners to issue and negotiate such bonds or notes and determine the rate of interest thereon. Revenues from water department fees will offset cost of said project. (2/3 vote required for passage). **Water Commissioners Recommend. Selectmen Recommend.**

6. To see if the Town will vote to authorize the selectmen to accept a donation from the Henniker Masonic Organization of a building located on Tax Map 2, Lot# 242B Rear of Community Park of Main Street, known as the Masonic Temple (formerly the Methodist Church). This building will be accepted with conditions that it be used as a community center for use by general community minded organizations in addition to Town committees, boards and departments, and on such further terms and conditions as the Board of Selectmen shall determine are in the best interest of the town. The Selectmen shall hold a hearing prior to final acceptance. **Selectmen Recommend.**

7. To see if the Town will vote to accept and approve the preliminary engineering design and allow construction of a bicycle/pedestrian path on Old Concord Road as stipulated in Article 26 of the 2000 Town Meeting. (Action on this article is required per an amendment to Article 26 which stipulates, "Actual Construction of the pathway shall not occur until approved at a Town Meeting."). **Selectmen Recommend.**

8. To see if the Town will vote to raise and appropriate the sum of One Hundred Seventy-One Thousand Two Hundred Thirty Three Dollars ($171,233) for the Rescue Squad and Fire Department. **Selectmen Recommend.**

Rescue Squad	$ 70,119.00
Fire Department	$101,114.00
Total	**$171,233.00**

A rate of $8.00 per hour for the call members of the Rescue Squad and Fire Department was included in the totals above.

9. To see if the Town will vote to raise and appropriate the sum of Sixty-Four Thousand Six Hundred Twenty-Seven Dollars ($64,627) to provide salaries, benefits and other related expenses including training and clothing allowance for TWO combination full time Fire/Rescue paramedic personnel; the purpose for this request is to fill the critical shortage of on call personnel during the daytime hours and to provide the necessary emergency services to better serve the public in an emergency fire or medical situation and; furthermore, to include inspection services and fire safety education to the schools and general public. The full time personnel will be under the supervision of the Henniker Fire Chief. This is a non-lapsing article per RSA 32:7 and will not lapse before one (1) year or upon completion of the process, whichever comes first. **Selectmen Recommend.**

10. To see if the Town will vote to raise and appropriate the sum of Twelve Thousand Five Hundred Dollars ($12,500) for the purpose of funding mutual aid 'interceptor' fees for Paramedics. The sum of $500.00 per intercept will be charged to the Town of Henniker for each 'intercept' the town Rescue Squad requests from a mutual aid town. This service is estimated for approximately twenty five cases of transport requesting this service. **Selectmen Recommend.**

 (Note: If previous article is passed this article will be withdrawn.)

11. To see if the Town will vote to raise and appropriate the sum of Twenty-Five Thousand Dollars ($25,000) to be added to the Ambulance Capital Reserve Fund established in 1988 under the provisions of RSA 35:1 for the purpose of an ambulance for the Rescue Squad. **Selectmen Recommend.**

12. To see of the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 to be known as The Fire Truck Capital Reserve Fund for the purpose of purchasing a new fire truck and to raise and appropriate the sum of up to One Hundred Thousand Dollars ($100,000) to be placed in this fund. **Selectmen Recommend.**

13. To see if the Town will vote to raise and appropriate the sum of Forty Thousand Dollars ($40,000) for the purpose of restoring the Town's 1929 Seagrave Fire Engine. This is a non-lapsing article per RSA 32:7 and will not lapse before two (2) years or upon the completion of the project, whichever comes first. **Selectmen Recommend.**

14. To see if the Town will raise and appropriate the sum of Two Thousand Five Hundred Dollars ($2,500) to be added to the already established Fire and Rescue Maintenance Fund for the purpose of maintaining the station facility in case of unanticipated repairs to the building. This is an Expendable Trust Fund established under the provisions of RSA 31:19-A. **Selectmen Recommend.**

15. To see if the Town will vote to raise and appropriate the sum of Eight Hundred Fifty-Six Thousand Four Hundred Sixty-Eight Dollars ($856,468) for general municipal operations. **Selectmen Recommend.**

Executive	$ 16,058.00
Town Clerk	$ 34,318.00
Election and Registration	$ 6,000.00
Tax Maps	$ 2,500.00
Town Office	$297,247.00
Tax Collector	$ 36,950.00
Legal Expense - General	$ 15,000.00
Planning Board	$ 21,075.00
Zoning Board	$ 2,857.00
Cemeteries	$ 7,000.00
Insurance	$ 85,903.00
Municipal Dues	$ 2,350.00
Code Enforcement	$ 6,646.00
Emergency Management	$ 1,100.00
Athletics	$ 20,550.00
Direct Assistance	$ 31,000.00
Patriotic Purposes	$ 1,400.00
Band	$ 5,000.00
Conservation Commission	$ 1,155.00
Community Programs	$ 21,627.00
Principal on Bonds	$ 98,000.00
Interest on Bonds	$ 62,700.00
Leases	$ 24,037.00
Tax-Anticipation Interest	$ 30,000.00
Parks Department	$ 31,495.00
Total	**$856,468.00**

The following rates are included in the totals above:

Selectmen and Treasurer	$ 1,500 per year
Town Clerk	$ 16,258 per year
Collector of Taxes, Sewer and Water Assessments	$ 16,258 per year
Ballot Clerks; Supervisors of the Checklist; Surveyor of Wood and Lumber; Moderators	$ 5.15 per hour

16. To see whether the Town will vote to raise and appropriate the sum of Two Thousand Seven Hundred Dollars ($2,700) to be placed in the Conservation Fund in accordance with RSA 36-A:5 to be used for the purpose of continuing work on an inventory of the Town's

natural resources as required by State law. These funds are necessary to complete the second year of a two year project. The final inventory will provide data for the Town's master plan. **Selectmen Recommend.**

17. To see if the Town will vote to raise and appropriate the sum of Five Hundred Eighteen Thousand Seven Hundred Sixty Dollars ($518,760) for the Highway Department and Street Lights. **Selectmen Recommend.**

Highway Department	$373,260.00
Highway and Streets	$126,500.00
Street Lighting	$ 19,000.00
Total	**$518,760.00**

18. To see if the Town will vote to raise and appropriate the sum of One Hundred Twenty-Nine Thousand Three Hundred Ninety-One Dollars ($129,391.00) for road improvements, contingent upon the receipt of the Town's share of the State of New Hampshire's Highway Block Grant. This is a non-lapsing appropriation for five (5) years. **Selectmen Recommend.**

19. To see if the Town will vote to raise and appropriate the sum of One Hundred Fifteen Thousand Eight Hundred Forty Dollars ($115,840) to replace a Highway Department year 1994 dump truck and purchase a year 2001 ten wheel dump truck with a twelve foot body, spreader, plow and wing and furthermore, to turn the 1994 dump truck over to the Henniker Fire Department for retrofitting into a forestry truck. **Selectmen Recommend.**

20. To see if the Town will vote to raise and appropriate the sum of Ninety Thousand Dollars ($90,000) for the purpose of reconstructing, repairing, reclamation and re-paving of town roads in need of such repair; to include any design and necessary preparation work such as culverts and drains. **Selectmen Recommend.**

21. To see if the Town will vote to raise and appropriate the sum of Fifty-Three Thousand Dollars ($53,000) for the purpose of purchasing and installing approximately 21 lamp posts in the central business district from the town center south on Route 114. Fifteen-Thousand Dollars ($15,000) to be raised by local taxation and; furthermore, to allow the selectmen to accept any grants, donations from individuals, corporations, in-kind donations of labor and materials, organizations or private trusts, and/or private charities or associations and any others pursuant to RSA 31:19-A, for the remaining Thirty-Eight Thousand Dollars ($38,000). This is a non-lapsing article per RSA 32:7 and will not lapse before three (3) years or upon the completion of the project, whichever comes first. **Selectmen Recommend.**

(The State of New Hampshire DOT has committed a work order change on the Edna Dean Proctor Bridge of Sixty Thousand Dollars to complete the restoration of some sidewalks and electrical assistance in preparing the locations for said lamp posts.)

22. To see if the Town will vote to raise and appropriate the sum of Six Hundred Forty-Eight Thousand Five Hundred Fifty-Five Dollars ($648,555) for the Police Department and Animal Control. **Selectmen Recommend.**

Police Department	$628,313.00
Animal Control	$ 20,242.00
Total	**$648,555.00**

23. To see if the Town will vote to raise and appropriate the sum of Seven Thousand Two hundred Dollars ($7,200) for the purchase of two defibrillators to be located in the Police Cruisers. **Selectmen Recommend.**

24. To see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars ($2,000) to be added to the already established Police Department Maintenance Fund for the purpose of maintaining the station facility in case of unanticipated repairs to the building. This is an Expendable Trust Fund established under the provisions of RSA 31:19-A. **Selectmen Recommend.**

25. To see if the Town will vote to raise and appropriate the sum of Three Hundred Eighty-Two Thousand Seven Hundred Forty-Six ($382,746) for solid waste disposal for the ensuing year. **Selectmen Recommend.**

26. To see if the Town will vote to raise and appropriate the sum of Seven Thousand Five Hundred Dollars ($7,500) for the purpose of constructing a 12 foot by 36 foot building for the purpose of storing recyclables and parks maintenance equipment. This storage building will be located at the Transfer Station facility. This is a non-lapsing article per RSA 32:7 and will not lapse before two (2) years or upon the completion of the project, whichever comes first. **Selectmen Recommend.**

27. To see if the Town will vote to raise and appropriate the sum of Ninety-Eight Thousand Dollars ($98,000) for the Tucker Free Library. **Trustees of the Tucker Free Library Recommend. Selectmen Recommend.**

28. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars ($5,000) to be added to the already established Tucker Free Library Fund for the purpose of repairing and maintaining the library building. This is an Expendable Trust Fund established in 1999 under the provisions of RSA 31:19-A with the Trustees designated as agents to expend. **Trustees of the Tucker Free Library Recommend. Selectmen Recommend.**

29. To see if the Town will vote to raise and appropriate the sum of Three Hundred Fifty-Eight Thousand Seven Hundred Twenty-Eight ($358,728) for the operating expenses of the Wastewater Treatment Plant. This sum is to be funded by the sewer assessment. **Sewer Commissioners Recommend. Selectmen Recommend.**

30. To see if the Town will vote to raise and appropriate the sum of One Hundred Ninety-Nine Thousand Four Hundred Twenty Dollars ($199,420) for the operating expenses of the Cogswell Spring Water Works. This sum is to be funded by the water assessments. **Water Commissioners Recommend. Selectmen Recommend.**

31. To see if the Town will vote to authorize the Selectmen to sell property located at 9 Stonehenge Drive (Map 1, Lot 588B-7) to Wesley Grant in exchange for all back taxes, interest and costs due on the property plus legal fees incurred in this transaction. **Selectmen Recommend.**

32. To transact any other business that may legally come before this meeting.

Given under our hands and seals the DATE.

BUDGET OF THE TOWN/CITY

OF HENNIKER

Appropriations and Estimates of Revenue for the Ensuing Year January 1, 2001 to December 31, 2001

or Fiscal Year From _____ to _____

IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the entire budget in the appropriate recommended and not recommended area. This means the operating budget and all special and individual warrant articles must be posted.

2. Hold at least one public hearing on this budget.

3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the above address.

This is to certify that this budget was posted with the warrant on the (date) _____.

GOVERNING BODY (SELECTMEN)

Please sign in ink.

THIS BUDGET SHALL BE POSTED WITH THE TOWN WARRANT

Pay These Amounts to School(s)

The cost of an adequate education is determined by the Department Education based on weighted average daily membership in residence each school district. Each school district's percentage of total is then calculated. Each percentage is then multiplied by the Town's share of the state education tax amount to allocate a portion of the state education taxes to each school district.

The difference between the adequate education for each school district and each school district's share of the state education taxes becomes the adequate education grant for each school district.

Highway Department

The year 2000 was probably one of the most productive years ever for the Highway Department. The road construction of Tanglewood Drive, Old Mill Pond Road, Evergreen Circle, Westwood Lane, Checkerberry Lane and Shore Drive, was a huge project for us. Primarily completed with in-house resources, it is a great example of our department teamwork and constructive use of highway budget dollars.

We are trying to gain the upper hand on some other rapidly deteriorating roadways and have done hot top shimming in several areas. Sections of Old Concord, Gulf, Flanders, Foster Hill and Bennett Roads and Longview Drive have had surface work done and show an improvement for snowplowing and for local travelers. Asphalt sealing on Davison, Bacon and Pine Hill Roads will add to the life span of the road surface. Other roads that have been shimmed will be sealed this year.

Projects on the books for this year include reconstruction of Quaker Street and Bear Hill Road. Resurfacing on Goss Drive, Fairview Avenue and Hall Avenue. New drainage on Hall Avenue and shimming on Old West Hopkinton, Gulf and Cote Hill Roads. Some work on Western Avenue is also planned. Scheduling for these projects remains flexible and depends on budget approval, weather conditions and other possible emergency spending.

The department continues to produce our own winter sand and crushed gravel. New gravel on sections of Liberty Hill Road, Quaker Street, Huntington Road, Mount Hunger Road and Butter Road has improved drainage and should lessen the effects of mud season.

Mike Damour left the department in October and Bill McGirr has been hired to replace him. Bill brings experience to the department, including equipment operation and carpentry skills that has helped us to winterize the second half of our maintenance facility. Welcome aboard Bill!

As always, thanks to the citizens for your support in this new year.

Respectfully submitted,
JOHN MARGESON,
SUPERINTENDENT

Zoning Compliance Administrator

This past year has seen several changes in what was formerly the code enforcement office. Kelly Dearborn-Luce retired in June from the Town of Henniker to pursue another career. In July, the position of Code Enforcer was changed to Zoning Compliance Administrator. Peter Flynn, Town Administrator is the building inspector and health officer, Garry McCulloch is the Fire & Life Safety Code Inspector.

As Zoning Compliance Administrator I assist the public in the interpretation of the zoning ordinances; review specifications for building permits as they relate to zoning; submit proposed zoning changes to the Planning Board; and in accordance with town, state and federal regulations I make recommendations to the Board of Selectmen regarding violations of the zoning ordinance. I also research complaints and violations and issue notices or stop work orders with the Board of Selectmen's approval.

I am available Monday through Friday, 8 a.m. - 4:30 p.m. in the Selectmen's Office to research and answer your zoning questions.

Respectfully submitted,
CYNTHIA MARSLAND,
ZONING COMPLIANCE ADMINISTRATOR

Health Officer

The year 2000 was relatively quiet in the area of Health Officer's issues. With the resignation of Kelly Dearborn -Luce in June the town has relied on the Assistant Health officer, Peter Flynn, to assume the duties.

The Selectmen will probably be appointing a permanent Health Office sometime in 2001.

In the meantime all health related problems have been investigated and resolved. Some issues regarding the West Nile Virus are ongoing and the local authorities are keeping a close watch on what the State has to offer as far as education on this matter is concerned.

I would like to thank the selectmen's office staff who have done a commendable job in helping to administer all the complaints and requests to this department. I also want to thank the Police and Fire Departments for their assistance.

Respectfully submitted,
PETER R. FLYNN
DEPUTY HEALTH OFFICER

Police Department

As you can see by the attached statistics the department experienced another very busy year. Unfortunately, we investigated 5 more burglaries than the previous year. We also saw increases in thefts (+4) and a dramatic increase in criminal mischief (Vandalism +54). During the year 2000 we made 70 Driving While Intoxicated arrests, which is an increase of 16 from the previous year. That number is a little discouraging to us because with all the well publicized dangers of driving while under the influence, some people continue to make bad choices. The only reasonable explanation is the belief that people never think it is going to happen to them, until it does. The increase in property crimes, as noted above, is also unacceptable to each of us and we will work hard during the ensuing year to reduce these numbers.

On a happier note, I would like to point to some of the positive accomplishments of the department and our personnel during the past 12 months. The department participated in the gunlock safety program that was sponsored by the school SAU. We served as the collection site for the many monetary donations that made this program, which distributed free gunlocks to gun owners, an overwhelming success. Our congratulations go out to John Stark school board member Bill Johnson and our SAU for a great idea and a great program. We have started a "Good Morning Henniker" program which enables our senior citizens and those handicapped individuals residing in our community to have a health and safety check done each morning, Monday through Friday. Stated simply, anyone entering the program will sign a contract with us. They will agree to call us each day between 9:00 and 11:00 AM. If we do not hear from them by 11:00 AM, we will call them. If they do not answer their telephone, we will go to their residence to physically check on their well being. If you would like more information on this program you can get it either at the police station or by reviewing the program on the town web site (www.henniker.org). During the course of the year we will be publishing different articles on the website that we believe will be of interest to you. For instance, in addition to the Good Morning Henniker program we currently have articles on the site relative to after school safety of our children. We have also provided a copy of the new gun law that took affect on January 1st. We

intend to publish articles soon on how to protect your home against burglaries while on vacation and what options are available to you if you are a victim of domestic violence or stalking. To review these articles and to find out more information about your police department, go to the Henniker web site, click on Town Government and then click on police.

During the past year we were very proud when Officer Jim Brace received an award from the Police Standards and Training Council, which recognized him as one of the outstanding small town police officers of the year. It was well deserved recognition not only for him, but also our department and our town. Special Officer Rory Bohanan who served us as a part-time officer attended the full time police academy, at his own expense, and graduated first in the class academically. Once again, our agency was well represented and a source of pride to our community. That was the good news, the bad news was that shortly after graduation he accepted a full time officer position with the Hillsboro Police Department. Our training is on-going throughout the year. Some of the other training seminars officers have attended include drug identification and investigation school, defensive tactics instructor school, computer crimes against children school, domestic violence and stalking investigations as well as various other seminars and schools. We recognize that in coming years there is going to be more and more crime committed via the internet. During the coming months and years, we will be increasing the officers' knowledge and training relative to investigating computer related crimes. Several of our officers also assist the N.H. Police Academy with recruit training. For the most part, our officers volunteer their time to the academy staff which is greatly appreciated by the Police Standards and Training Council. Administratively, Sharon Lindstrom who served us as a part-time secretary left us to take a similar, full time, position with the Warner Police Department. Sharon did a great job for us for a number of years and we wish her well in all her future endeavors. She has been very capably replaced by Michelle St. Laurent, who is a resident of Henniker. We were also happy to welcome back Michael (Mickey) Costello, after a one year hiatus, as a special (part-time) police officer.

The DARE program continues to be a success in our community school. Not only does it teach kids how to "say no" but it also gives them an opportunity to interact with a police officer in a different setting and under different circumstances than they are accustomed to seeing us in. During the fall of 2000, I had an opportunity to teach a criminal justice course at New England College. It was a wonderful experience and certainly provided me with a fresh perspective and appreciation for the hard work that professors and teachers, at every level, do each and every day.

In closing, let me thank the many members of our community for their continued support of the department. Your many kind comments, letters and telephone calls are truly appreciated by each of us. Remember we are your police department, we look to you to let us know how we can best serve you.

Respectfully submitted,
TIMOTHY RUSSELL
CHIEF OF POLICE

Animal Control

Henniker Animal Control continues to be very active. As the number of complaints and calls for service remain steady and relatively routine. However -

Something new to be aware of, the
West Nile Virus (WNV)

West Nile Virus is an encephalitis that is mosquito borne (spread by a mosquito) and affects birds, horses and people, but has been diagnosed in other domestic animals and some wild animals. The crow appears to be the bird most sensitive to the virus. This makes them our best sentinel for the disease. Horses are also sensitive to the virus, as well as people. There were no cases of WNV in horses or people in New Hampshire for the past year.

Several dead birds were picked up from around the state and tested by personnel at the State's laboratory. There were seven crows that tested positive (none from Henniker). Mosquitos tested were negative.

Further information can be found at:
http://www.cdcgov/ncidod/dvbid/westnile/q&a.htm

Rabies is still a threat to all, an incurable deadly disease. An acute viral disease that attacks the central nervous system. The virus is concentrated in the saliva (spit) of the infected animals and is generally transmitted from an infected wild or domestic animal by a bite, a lick to open wounds or cuts, or nerve tissue or saliva introduced into cuts or the mucous membranes of the nose, eyes or mouth.

With that in mind, we must remember that rabies is here and will always be a threat. **All animals must continue to be vaccinated and care must be taken when dealing with all animals.**

Be Careful!
! !Protect Your Family, Yourself and Neighbors! !

For additional information you may contact:

- Henniker Police Department, 428-3213
- Henniker Health Officer, 428- 3221
- NH Fish & Game, 271-3421
- NH Div. of Public Health, 271-4496

THANK YOU!

One and all for your time, support and cooperation during the past year!

Respectfully submitted,
WALTER CRANE
ANIMAL CONTROL OFFICER

Rescue Squad

The Rescue Squad has completed a successful and challenging year. The squad responded to almost 400 calls for assistance in the year 2000. This is once again a significant increase from the year before. The majority of calls were for trauma related emergencies. Many of these calls occurred during the daytime and work week hours. This continues to be a problem for our volunteer members who find it increasingly difficult to leave their place of employment for a rescue call and transport to the hospital. A typical rescue call will take members from work and family for approximately 2 hours at a time. For this reason we are asking that you support us in the hiring of 2 full time paramedic/firefighters. The 50-hour work week that is being proposed will insure the citizens of Henniker timely and definitive care during an emergency. This will also increase the level of care from Intermediate EMT up to Paramedic with Advanced Life Support skills.

We will continue to collect revenues for all of our transports as we have done for the past few years. The citizens of Henniker will still not be required to pay any money for any services rendered to them. Collecting the amount allotted by each insurance carrier generates our revenues. Again still, those Henniker residents who do not have insurance will not be billed for any services. For the year 2000 our revenues to the Town of Henniker exceeded $84,000.

A majority of current members of the squad completed their recertification through the National Registry of Emergency Medical Technicians, which will allow them to re-license as New Hampshire Providers through the Department of Safety. This training included a minimum of 48 hours of continuing education over a 2-year period, maintaining their CPR skills, and a 24-hour refresher course.

Although the Rescue Squad is asking for full time daytime coverage we would still encourage anyone interested in being a volunteer EMT to talk to any member of the department about joining the rescue squad or send us a letter at PO BOX 91, Henniker.

At the conclusion of 2000, membership included:

Cathy McComish, Chief
Tom French, Deputy Chief
Warren Lapham, Training Officer
Julie Clemons, Safety Officer
Marty Lamoureux, Clerk

Brent Bell
Rocky Bostrom
Jean Buckley-Smith
Jason Bumford
Mick Costello

Jim Crane
Varyl French
Carl Hamel
Jessica Howard
Kirsten Kaiser
Cindi Martin
Stefanie Nelson
Drew Patterson
Rebecca Paul
Kelly Senecal
Matt Wayland

Respectfully submitted,
CATHERINE MCCOMISH,
CHIEF

Fire Department

The Henniker Fire Department responded to more calls during the year 2000 than the previous year. Most calls were for accidents, smoke detectors and mutual aid. Henniker is one of eighteen towns belonging to the Capital Area Mutual Aid Compact. This gives each town access to a fully trained Hazardous Materials Team when needed.

Many members of the Fire Department are also members of the Rescue Squad, and the two departments continue to work well together.

We thank the community of Henniker for your continued support throughout 2000. Please feel free to visit our building and take a look at our equipment.

Respectfully submitted,
E. BENJAMIN AYER,
CHIEF

Forest Fire Warden/State Forest Ranger

There are 2,200 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The number of fires reported during the 2000 fire season was below average as referenced in the statistics below. Despite this, our network of fire towers and detection patrols were still quite busy with the fire towers being first to report over 135 fires. These fires were quickly and accurately reported to the local fire department for their prompt and effective suppression efforts. Wildland fires occurring in areas where homes are situated in the woodlands are a serious concern for both landowners and firefighters. Homeowners can help protect their homes by maintaining adequate green space around them and making sure that houses are properly identified with street numbers. Please contact the Forest Protection Bureau to request a brochure to assist you in assessing fire safety around your home and woodlands.

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing **ALL** outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-l:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to $2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are eleven Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. Forest Rangers have investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217, or for general information visit our website at www.dred.state.nh.us

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contact aircraft patrols. This early detection system and reports from citizens aid on the quick response from local fire departments. These factors are critical in controlling the size of wildland fires, keeping the loss of property and suppression costs as low as possible. Due to permitting and fire safety concerns, please contact your local fire department **BEFORE** using portable outdoor fire places and vessels, including those constructed of clay, concrete or wire mesh.

Please contact your local fire department before doing ANY outside burning.

Transfer Station/Recycling Center

The year 2000 was a good year at the center as far as income and avoided cost but our recycling dropped from 18.6% to 15% while our trash went up from a contract figure of 2579.35 to 2783.29 tons, this added $6,688.26 to the disposal cost. The cost per ton of trash is going up fifty cents for the year 2001. The center also sent 199 tons of building debris to be land filled at $75.00 per ton and $175.00 per trip. This cost will also be going up to $81.00 per ton in the year 2001.

On a better note we had by far the best ever participation at our Household Hazardous Waste Day, thanks to the support of the Recycling Committee and the concerned residents of the participating towns.

We have a new face at the center. Gerry Cornett has replaced Bill McGirr who transferred to the highway department. The transfer crew has saved over 5,370 box tops for the school fund raising program. Please remember that those high disposal costs can be lowered with more recycling. Thank you to those who try to make a difference.

Respectfully submitted,
BOB PENNOCK,
SUPERINTENDENT

15% OF HENNIKER'S TRASH WAS RECYCLED IN 2000

PARKS & PROPERTIES DEPARTMENT

The transition from the Parks Committee to the Parks and Properties Department went very well last year. The budget is up this year due to being a new department, last year we had to approximate the funds to be allocated, not knowing how much work would be completed by this department.

A quick overview of our duties is as follows; summer and fall lawn and park maintenance (11.8 acres), repairs to the Fire and Police Stations, Town Hall and the Grange building. We also move air conditioners, furniture, supplies and occasionally even dead skunks. We do the trimming, feeding and removing of trees to eliminate dangerous situations and promote healthier tree growth.

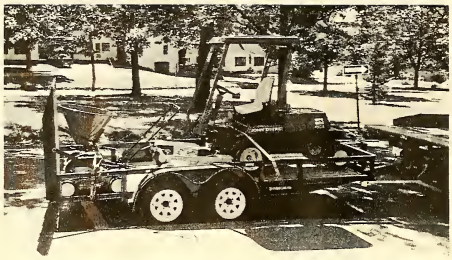

One of the year 2001 project's and some of the added costs to the budget is the planting of 13 to 15 trees, building a 12 foot gate and installing approximately 120 feet of chain link fence on the back end of the Old Concord Road Soccer Fields so as to comply with the Army Corps of Engineers request. This is being done so that we can receive a contract to lease the soccer fields for the next five years.

I would like to thank town resident and registered forester Tom Ryan for donating his time to work on the lawns and field so that we may have a better knowledge of the amount of lawn care we have. I would also like to thank Rick Daniel and the Athletic Committee for their $480.00 donations to go towards our fertilizer, lime and seeding program.

The department is also responsible for cleaning the steps and walks at the Town Hall, Library, Grange and the walk on steps from Main Street down to the River Parking Lot.

Please note that all of the equipment and trailer appearing in the department photo were purchased with the interest reserves from two town trust funds that are dedicated to park maintenance and not with tax payer monies. Thank you for supporting our new department.

Tucker Free Library

The Tucker Free Library entered the new millennium in a most appropriate way with the installation of a modern automated circulation and card catalog system in keeping with the technology of the 21st century.

The system, which has taken four years to fund and plan, is very user friendly and is living up to our expectations. The extensive planning was necessary in order to install the required cumbersome wiring and equipment while still maintaining the aesthetic beauty of the Library's interior.

The Library building dates back to the beginning of the last century, but the materials and the services offered to patrons are definitely of today. The public access computers allow patrons to access the Internet, job search through New Hampshire Works, and use the special software to write professional resumes. The goal of the Tucker Free Library is to balance the library needs of all segments of the community by supplying traditional services along with the advantages that the information super highway has to offer. With these objectives in mind, the Library has focused on providing the best in reading matter and programs for all ages.

As in the past, the children's programs ranked high in popularity. The summer sessions of stories and reading involved 249 enthusiastic participants. Special recognition is due to excellent volunteer presenters who include Debbie Aucoin, Patti Bowser, Rhonda Cooper, Elizabeth Glover and Laurie Goldberg. The weekly Pre-School Story time, coordinated by Christine Anderson and staffed by volunteer readers, continues to provide a warm, welcoming atmosphere for mothers and toddlers. A constant favorite of the very young is the Read To Me program, which is designed to encourage a love of books and stories in pre-schoolers. Other programs throughout the year included a poetry presentation and also a warm and cozy Read Over. Emphasizing the Library's firm commitment to instill a love of

reading in children, the grades of younger school students visit on a regular schedule to take out books and listen to story presentations by the staff.

Throughout the year, the Library benefitted from the work of many volunteers, especially the officers of the Friends of the Tucker Free Library; Janine Bates, Mary Corsetti, Susan Gauthier, Laurie Goldberg and Lorraine Myers. They tirelessly worked with the staff to ensure the success of the summer programs and the annual sale. The sale, which is supported by donations from the community, has become an eagerly anticipated October event.

This past year the Library was fortunate to receive donations of various kinds including money, books, videos, puzzles, CD'S and magazines. The Library was especially honored to be the recipient of funds with which to buy books in memory of Simone R. Dwyer, Barbara D. French, Bea Gay, Thomas Hassler, Ella LeClerc, Violet Ruth Kayler and Merle R. Patenaude Sr. and as a baptismal memorial for Connor Huftalen.

Proceeds from long established funds continue to greatly benefit the operation of the Library and also allow the purchase of equipment and books in specific categories. These funds include the Marjorie B. Bennett, Scott J. Berry, Anna L. Childs, D & W and E.L.Cogswell, L.A. Cogswell, Willis Cogswell, Alice Colby, James A. Doon, Robert N. Fitch, Francis O. Holmes, A.O.Huntoon, Mary F.Kjellman, Henry Preston and George Tucker. The Library not only appreciates the financial gains from these bequests, but also the honor of having the memories of past members of the Henniker community perpetuated at the Tucker Free Library.

With each year, the Tucker Free Library faces new challenges and seeks ways to improve service to the Town. We realize that all the plans and achievements are made possible because of the outstanding support of the community. The Library will continue to strive to be deserving of such commitment.

Respectfully submitted,
PEGGY WARD,
LIBRARY DIRECTOR

Wastewater Treatment Plant

From left to right: Superintendent Ken Levesque, Chief Operator Mary Dowse and Operator Michael Colby

The Henniker Wastewater Treatment Plant had a relatively quiet year in 2000, no major catastrophes to report, which helps keep our operating cost level. We processed 77.8 million gallons of wastewater and 158,000 gallons of septage. From this process, 264 tons of biosolids were produced and brought to the Merrimack Composting Facility for further treatment. The nutrient rich finished product from the Merrimack Composting Facility is sold as a soil amendment and has many uses such as the construction of athletic fields and golf courses. Compost is also used on turf farms and was used on the lawn of the White House in Washington D.C. (Probably not compost from Henniker but compost just the same).

Many hours have been put into revising Henniker's Sewer Use Ordinance. The last revision of this ordinance was completed in 1990. Several changes were made, but the most significant is the addition of a grease ordinance, which will allow us to somewhat control the amount of grease we receive from our commercial users. As of this writing we are awaiting State approval. We hope to have this ordinance instituted by midsummer 2001.

From the maintenance files, two pumps, one clarifier drive and one muffin monster (sewage grinder) were rebuilt, three pumps and one blower were replaced with new energy efficient units. Also, the magnetic drives for the pumps at Ramsdell Road pump station were replaced with Variable Frequency Drives. The new drives are not only energy efficient but they allow us to better control the flow into the treatment plant.

In April of 2000 Dan Hassler left his position as operator at the treatment plant to pursue a career in firefighting. Gerry Cornett was hired as operator and after a brief six-month stay transferred to the Transfer Station for personal reasons. In November, Mike Colby took over as operator. Mike brings fifteen years of wastewater experience to Henniker, the last thirteen years as an operator at the Franklin, NH Wastewater Treatment Plant. Mike lives in Canterbury with his wife and three sons. Welcome to Henniker Mike, we look forward to many years of working together. Best wishes to Dan and Gerry, you will be missed.

Respectfully submitted,
KEN LEVESQUE

Cogswell Spring Water Works

As was last year, a lot of the water department's time in the year 2000 was spent working with the State Department of Transportation on the Edna Dean Proctor Bridge rehabilitation project. The water department had to move another 200 feet of ten inch water main to accommodate the drainage part of this project.

As I am writing this report the Water Commissioners are waiting for the bids to be completed on the cost of a new five hundred thousand gallon in-ground water storage tank. If the bids are accepted they will be asking you to consider voting in support of a bond so that this much needed project can move forward.

As was the case last year the ten homes we sampled for lead and copper all were below detectable limits set by the Environmental Protection Agency. The Water Department also samples monthly for bacteria and all samples taken for the year were bacteria free. Hopefully everyone received a copy of the Water Quality Report that was sent out by the Water Department. If you didn't and would like one, feel free to contact me at the Water Works department office at 428-3237 and I will see that you receive one.

The water department also responded to two water main breaks, cut brush on the existing water storage tank, and continued with the water main flushing program as well as the fire hydrant maintenance program. A thank you goes out to those who take the time to clear the snow away from the fire hydrant in front of your house, it doesn't go without notice.

Respectfully submitted,
NORMAN BUMFORD

COGSWELL SPRING WATER WORKS
COMMISSIONER'S REPORT

The Board of Water Commissioners presents our report for the year 2000.

The Commissioners have been pursuing the goal of installing a new storage tank on the Village side of the river since the late 1960's. This year we are asking your support to accomplish this goal. The Town will be presented with a Warrant Article for a bond of up to $750,000.

This tank, to be installed behind the water works office located on Davison Road, will be a 500,000 concrete gallon storage tank. It will be completely buried except for the roof, which will be concealed behind shrubs or trees.

This tank will improve our system in several ways;

1. It will balance the system with the existing tank on the other side of the river.
2. It will allow service on this side of the river should there be a problem with the 10" water main crossing on Bridge Street.
3. It will allow us to perform needed maintenance on the existing tank that was installed in 1915 and has not had any maintenance to date.
4. It will improve service on this side of the river.
5. It will allow emergency service on this side of the river should there be a problem with both river crossings.
6. It will allow greater flexibility in system operation.

The cost to the water users would be an increase of up to $60,000 per year. This would be for a thirty-year bond. We will have an exact amount at town meeting. We have held our water rates steady at $180.00 per unit for the past nine years. If our rates had increased at 3% per year we would be above $240.00 this coming year.

We feel that the benefits to our water system justify the cost. The town has already purchased the property where the tank will be located and this project fits in with the long term improvement of our system.

Effect of 3% annual increase on water rates 1992 to 2001

YEAR	RATE	INCREASE
1992	$180.00	$185.40
1993	$185.40	$190.96
1994	$190.96	$196.69
1995	$196.69	$202.59
1996	$202.59	$208.67
1997	$208.67	$214.93
1998	$214.93	$221.38
1999	$221.38	$228.02
2000	$228.02	$234.86
2001	$234.86	$241.90

EMERGENCY MANAGEMENT

The following informational articles are provided by the Federal Emergency Management Agency (FEMA).

Make Plans For Your Pets

In planning for the hurricane season, do not forget your pets. If you evacuate your home, do not leave your pets behind.

The Humane Society of the United States urges pet owners to make arrangements to evacuate their animals.

Be sure you have up-to-date identification tags, a pet carrier and a leash for them.

Most emergency shelters will not accept pets. In the event of evacuation, make alternative arrangements for pets, such as with family, friends, veterinarians or kennels in safe locations. Send medicine, food, feeding information and other supplies with them.

Danger: Flash Floods

Nearly half of all flash flood fatalities are automobile related.

Water weighs 62.4 lbs per cubic foot and typically flows downstream at 6 to 12 mph.

When a vehicle stalls in water, the water's momentum is transferred to the car. For each foot water rises, 500 lbs. of lateral force are applied to the car.

But the biggest factor is buoyancy. For each foot the water rises up the side of the car, the car displaces 1,500 lbs. of water. In effect, the car weighs 1,500 lbs. less for each foot the water rises.

Two feet of water will carry away most automobiles.

Planning Could Save Your Business

If a hurricane is threatening the area where your business is located, you can take actions ahead of time that will save damage and lost productivity.

Clear out areas with extensive glass frontage as much as possible. If you have shutters, use then; otherwise, use precut plywood to board up doors and windows. Remove outdoor hanging signs. Bring inside or secure any objects that might become airborne and cause damage in strong winds. Secure showcases. Use plywood to protect glass showcases or if possible, turn the glass side toward an inside wall. Store as much merchandise as high as possible off the floor, especially goods that could be in short supply after the storm. Move merchandise that cannot be stored away from glass and cover it with tarpaulins or heavy plastic. Secure generators, along with fuel needed for their operation. Secure all goods in warehouses above the water level, and place sandbags in spaces where water could enter. Remove papers from lower drawers of desks and file cabinets and place them in plastic bags on top of the cabinets. Turn off water heaters, stoves, pilot lights and other burners.

Prepare a Family Disaster Plan

A well-thought-out plan of action for you and your family can go a long way to reduce potential suffering from any type of disaster that could strike. Household emergency plans should be kept simple. The best emergency plans are those that are easy to remember. Be familiar with escape routes. It may be necessary to evacuate your neighborhood. Plan several escape routes for different contingencies. Maintaining a link to the outside can be crucial. Keep a battery-operated radio and extra batteries on hand. Make sure family members know where the radio is kept. Post emergency phone numbers (fire, police, ambulance) by the telephone. Teach children how to call 911 for help. Know how to turn off

utilities. Identify family meeting places in case you are separated. Chose a place in a building or park outside your neighborhood. Everyone should be clear about this location. Develop an emergency communication plan. Ask an out-of-state relative or friend to serve as the family's contact. Make sure everyone knows the telephone number of this contact.

Mobile Homes Require Special Precautions

Mobile homes are particularly vulnerable to hurricane-force winds. Anchor the mobile home with over-the-top or frame ties. When a storm threatens, do what you can to secure your home, and then take refuge with friends or relatives or at a public shelter. Before you leave, take the following precautions:

- Pack breakables in boxes and put them on the floor.
- Remove mirrors and tape them.
- Wrap mirrors and lamps in blankets and place them in the bathtub or shower.
- Install shutters or precut plywood on all windows.
- Disconnect electricity, sewer and water lines. Shut off propane tanks and leave them outside after anchor them securely.
- Store awnings, folding furniture, trash cans and other such loose outdoor objects.

Respectfully Submitted,
BILL BELANGER
EMERGENCY MANAGER

Human Services

Affordable housing continues to be the major portion of assistance requests in Henniker. Rent payments totaled $14,418 of the $24,789 spent last year. Electricity payments decreased to $2,003; heating assistance was $2,165 and an elderly tax deferral in the amount of $2,343 accounted for the largest categories of aid.

The town also paid $500 toward burial expenses and $636 in medical assistance in the year 2000. There were 23 families assisted; 34 adults and 25 children.

I continue to refer people to the Henniker Food Pantry for food and to the Community Action Program for help with heating costs. Thanks to all the people in the community who help others when in need.

Respectfully submitted,
CAROLE A HOCKMEYER
DIRECTOR OF HUMAN SERVICES

Planning Board

The Planning Board is responsible for, among other things, reviewing and updating the town's Master Plan, recommending amendments to the zoning ordinance, reviewing site plans, subdivision plans, excavation plans, and updating the capital improvements plan. The board consists of six elected members and one ex-officio selectman member. The board may appoint up to three alternate members. The board is currently seeking applicants to be alternate members. Interested people should contact the planning board office (428-3221) or speak with a board member.

The past year has been a busy one for the planning board. We are in the second year of our revised site plan review regulations and have clarified some of the criteria in the waiver provisions. As a result, three applicants for site plan review waivers received approval. Also in the past year the board approved six site plan review applications, four boundary line adjustments, three minor subdivisions and two major subdivisions.

In conjunction with the Central NH Regional Planning Commission (CNHRPC), the board completed its first year in a three-year contract to update the town's Master Plan. Under New Hampshire law, the planning board is required to "prepare and amend from time to time a master plan to guide the development of the municipality." Typically, master plans are updated at least every ten years; Henniker's has not been updated since 1988.

This past year, a town survey initiated the update process and the resulting data is being compiled and analyzed to suggest courses of action within the varied subcommittees to be formed in the near future. The board will be looking for interested citizens to participate in the subcommittee work. The Henniker Web site (www.henniker.org) has a link to the CNHRPC pages that hold information on the Master Plan update process, as it pertains to state statute and the town of Henniker.

The board holds regular meetings on the second and fourth Wednesdays of each month at 7 p.m. in the Town Hall. We reserve time at the beginning of each meeting for informal discussions and anyone with questions or concerns is urged to notify the planning board office (428-3221) to be placed on the agenda. The board's clerk, Gail Abramowicz, holds office hours every Tuesday from 12:00 noon to 2:00 p.m. in the Selectmen's Office at the Town Hall.

Respectfully submitted,
GEOFFREY HIRSCH,
CHAIR

Zoning Board of Adjustment

The powers and duties of the Zoning Board of Adjustment

Like every municipal board or official, zoning boards of adjustment have only those powers specifically granted to them by state statute. The state legislature has defined the zoning board of adjustment's basic role as that of: 1) hearing appeals from an administrative decision; 2) hearing appeals which request the grant of one or more variances from the terms of the zoning ordinance; or 3) hearing appeals which request the grant of a special exception.

Administrative Decision: An administrative decision appeal, for example, is when the Board of Selectmen decide that a permit request for a certain commercial use is not allowed in a district and deny the permit. The applicant can appeal the decision to the Zoning Board of Adjustment for interpretation or application of the terms of the ordinance to have the decision reversed.

Variance: A variance is requested, for example, when an applicant proposes to build an addition to their home and the new addition does not meet the required setback distance to the side property line. The applicant must then prove "hardship" of the land, and why they should be granted the variance. A variance is similar to asking permission to not comply with the local ordinance.

Special Exception: In our local zoning ordinance there are two columns of uses for each district. One column specifies what is permitted and the other column lists what is permitted by "special exception". The application for a special exception lists 11 items of criteria that must be met. Some of the criteria include: appropriate location, compatibility with the neighborhood, public interest, property values, affect of health and safety, whether it will constitute a nuisance, and if it is within the spirit of the ordinance. All 11 items must pass by majority vote.

This year we had the opportunity to invite Zoning Law Attorney Jed Callen to speak on grandfathering and land use regulations. The meeting was held at the Grange with a special invitation to the Planning Board and the public. Mr. Callen gave insight on the complexity of the law and answered many questions with actual court cases and hypothetical situations.

2001 Zoning Board Schedule

Closing Date to Submit Applications	Meeting Date
January 4	*January 17*
February 8	*February 21*
March 8	*March 21*
April 5	*April 18*
May 3	*May 16*
June 7	*June 20*
July 5	*July 18*
August 2	*August 15*
September 6	*September 19*
October 4	*October 17*
November 8	*November 21*
December 6	*December 19*

Schedule is subject to change due to vacation or holidays.

A total of three hearings for appeals were requested in 2000:
Variances: 1
Special Exceptions: 2

The Zoning Clerk's office has been moved back to Town Hall, with office hours on Tues. 12:00 pm to 2:00 pm. You may leave messages at the Selectmen's office at 428-3221.

Respectfully submitted,

GAIL ABRAMOWICZ, Clerk
Planning and Zoning

Central NH Regional Planning Commission

Established in accordance with state law, the Central New Hampshire Regional Planning Commission (CNHRPC) is a voluntary association of 19 towns in Merrimack County and the City of Concord. The Town of Henniker is a member in good standing of the Commission.

The Commission's mission is to improve, through education, training, and planning assistance, the ability of the municipalities of the region to prepare and implement municipal plans; to prepare a plan for effective and appropriate development and utilization of the resources of the region; and to assist municipalities in carrying out the regional plan.

The Commission provides a variety of planning services, including consultations on planning issues; planning research; sample ordinances, regulations, and planning documents; models; data and access to data sources; grant information; review and comment on planning documents; development review; and educational programs. Membership also entitles a community to affordable master planning assistance, geographic information systems (GIS) mapping, and grant preparation.

During 2000, Commission staff provided the Town of Henniker with assistance in the following areas:

Staff coordinated with the Henniker Conservation Commission regarding the Natural Resources Inventory and CNHRPC mapping assistance for that project. Staff assisted Henniker with a spot zoning issue and provided Henniker with sample Bed and Breakfast Ordinances.

Under a separate agreement, CNHRPC staff worked closely with the Planning Board to prepare and distribute the Henniker Community Survey to initiate the Master Plan update.

In addition to the local services described above, in 2000 the Central New Hampshire Regional Planning Commission:

- Provided general local planning assistance to member municipalities and responded to inquiries regarding zoning ordinance, subdivision regulation, and site plan review regulation revisions

- Prepared a calendar and narrative describing critical dates for Town Meeting. Provided assistance to CNHRPC member and non-member towns regarding National Flood Insurance Program (NFIP) participation and compliance.

- Facilitated four meetings of the CNHRPC Regional Resource Conservation Committee (R2C2).

- Attended meetings of and provided continuing technical assistance to the Upper Merrimack River Local Advisory Committee (UMRLAC) and the Contoocook and North Branch Rivers Local Advisory Committee (CNBRLAC).

- Developed new geographic information systems (GIS) map layers and continued to improve its GIS through staff training, improved methodologies, and the upgrade of key GIS equipment

- Initiated the update of the FY 2003-2012 CNHRPC Transportation Improvement Program (TIP) by hosting the November 2000 CNHRPC Transportation Planning and Funding Summit and soliciting new transportation project proposals for inclusion in the updated TIP. Responded to inquiries related to the New Hampshire State Ten Year Transportation Improvement Program (STIP) update process.

- Conducted approximately 200 traffic counts throughout the region.
- Organized and hosted five meetings of the CNHRPC Transportation Advisory Committee (TAC).
- Provided assistance to municipalities, groups and interested individuals regarding the Transportation Enhancements (TE) and Congestion Mitigation and Air Quality (CMAQ) programs.
- Initiated the update of the CNHRPC Regional Bicycle and Pedestrian Plan.
- Continued work on the update of the CNHRPC Regional Transportation Plan and development of the Regional Multi-Use Trail Plan and Regional Open Space Plan.
- For additional information, please contact the CNHRPC staff or see us on the internet at www.cnhrpc.org.

Cemetery Report

The following work in Henniker's cemeteries was completed this past summer:

- Perry Brothers Monument Co. repaired two more stones in the First Burial Yard on Depot Hill and two in the Plummer Cemetery.
- Granite Industries of Vermont donated four marble gravestones to us and Perry Brothers engraved and set them in place. Three of them were replacements for broken stones in Plummer Cemetery and one replaced a broken and worn stone in the Center Cemetery behind the Town Hall.
- Volunteers cleaned 94 stones in the Quaker Cemetery at the request of the Quakers who continue to maintain that cemetery. Twelve more were cleaned in the First Burial Yard and eight were cleaned in the Center Cemetery after consultation with the Henniker Historic District Commission.
- More work is planned for the Plummer Cemetery this summer. More than 40 footstones will be moved from where they are now, right up against their headstones, to their proper place away from the headstones. Also, twenty-four headstones need to be straightened or repaired.

Community Band

After many years of providing concerts for the summer and the holiday season, the Henniker Community Band slowly began to disintegrate for a number of very valid reasons. We had acquired quite a following and the town's people and others from surrounding towns were very appreciative and supportive. The Band itself goes back many years when, with the help of band members Marshall Rowe and Dick Dumm, I was able to interest enough musicians to form a group which eventually grew to a membership of thirty-five. We played concerts in Henniker, surrounding towns, nursing and retirement homes, special events and the highlight was the holiday concert with a visit from Santa Claus and the tree lighting ceremony on the town green. The demise of the band left me with an "ache in my heart" but at the same time wonderful memories helped to appease the sadness. We were a close knit group, supportive of each other and dedicated to bringing a variety of music to our responsive audience.

I must thank the "town fathers" for making all of this possible and giving their support when I presented the idea of starting a summer concert series to replace the Band concerts. Our first series, given the summer of 2000 was planned to accommodate the music interests of the various age levels of the audience. From their comments throughout the summer, the concerts were successful and thanks go the performers who participated:

June	**Close Quarters - Jazz Band**
July	**Doug Clegg - Family Program**
July	**Strings & Things - A musical walk down memory land**
July	**Upper Valley Band - Traditional**
July	**Nevers 2nd Regiment Band - Traditional**
August	**New Rising Sun - For the young & young at heart**
August	**Nevers 2nd Regiment Band - Traditional**
August	**Off the Cuff - Eclectic mix, folk, swing, jazz**

In December the series came to a close with the annual holiday concert which was hosted by the town and New England College, who supplied the Simon Center Great Room and the refreshments. Once again appreciation and thanks to all who helped to make this presentation possible. The participants were:

Rainbow Choir of the Henniker Congregational Church
Becky Mercier - Conductor
Helen Ceki - Guitarist
Ruth Zax - Soprano
Amy Sheridan - Pianist
Blithe Damour - Song Leader
Matus Betko - Flutist
Adult Choir - Congregational Church of Henniker
Mileva Loo - Conductor
Santa Claus
Tree Lighting - Lion's Club

Plans are now in progress for planning the concert series for the summer of 2001. Ideas for performers are welcome.

ANGELA ROBINSON
PROGRAM COORDINATOR

Conservation Commission

The Henniker Conservation Commission (HCC) had another very busy year in 2000. It began the work year with the Natural Resources Inventory (NRI). It met with staff from the UNH Cooperative Extension Community Assistance Program, the Central New Hampshire Regional Planning Commission and a private consultant to develop a proposal, goals and priorities. In March it presented the proposal to the town and submitted a warrant article requesting funding for the first year of the project. This process gave the HCC the opportunity to present its plan to the community. The subsequent approval not only funded the NRI but gave the HCC a sense of how the community feels about the town's natural resources. The HCC, with the help of E. Ann Poole, Consulting Ecologist and Environmental Planner, has released a progress report which contains the information and maps compiled to date. This report is available for review at the Town Hall and the Tucker Free Library or online at www.henniker.org/ccmain.htm.

In September, the HCC and several volunteers collected water samples and measured dissolved oxygen, temperature and clarity in thirteen of the town's lakes and ponds. The samples were tested for phosphorous, chlorophyll A, specific conductivity, pH, and turbidity. The information collected as part of the NRI will establish baseline data for all the major ponds in town.

The HCC's guidance was requested on several project proposals involving environmental impacts and regulations. These ranged from a wood chipping operation, drainage ditches, retention ponds and installation of septic tanks, to a housing development. It reviewed a number of forestry operations with potential wetlands impacts and several other wetlands permit applications this year. Many meetings were devoted to discussing the issues relating to Pats Peak's wetlands permit application to withdraw water from Craney Pond for snow-making. The HCC also testified at a NH Department of Environmental Services (NHDES) hearing regarding the permit application.

Public outreach projects in 2000 included: a vernal pool presentation by Rich Cook of NH Audubon in March; and a granite plaque presented to last year's Big Tree contest winner (appreciation goes to Swenson's Granite for donating the granite).

The HCC has been awarded $7245 as part of the US Environmental Protection Agency's Nonpoint Source Local Initiative Grant Program (administered in New Hampshire by NHDES) to study water quality issues in French and Keyser Ponds. An additional $7,675 will be provided through volunteer time and services from the HCC, the French Pond Association, staff and faculty from New England College (NEC), and the Henniker community. NEC will be providing access to the laboratory facilities and field sampling equipment. The goal of the water sampling project will be to examine sources of phosphorus entering into French Pond and indirectly into Keyser Pond.

Another busy year lies ahead. The HCC will be working to satisfy the hourly requirements of the community match portion of the water quality grant. It will also be completing the NRI. Volunteers and student interns will be recruited to work on both projects.

As the work of the HCC develops and matures, its members feel privileged to live in a town blessed with such an abundance of natural resources. It is an honor to work with the people of Henniker to ensure their responsible stewardship.

Holly Green
Denise Rico

Henniker Historical Society

Another successful and interesting year has drawn to a close with the passing of the year 2000.

Many donations of items have been received pertaining to Henniker which helps with the history of organizations and residents of Henniker past and present. They are found to be very educational and interesting.

Several successful programs were held this past year. One of which was a display of old postcards of Henniker presented by members. Another was a talk on the Ocean Born Mary House and L.M.A. Roy with a display of some of his photos. Last but not least was a program by Peter and Marie Gilbert showing photos and the location of houses that were lost by the Hopkinton Everett Dam Project. Many thanks to New England College for the use of the Simon Center Great Room for our programs. This project is now on display at Academy Hall.

The annual yard sale in the fall and the Christmas cookie sale in December continue to be a part of the special events. Several programs have been held with the school. The interest shown by the children and the teachers is wonderful. Our thanks to the teachers for their assistance and support of these programs.

With the completion of the restoration of the cupola, the outside of Academy Hall has been given a fresh look with necessary repairs and has been painted.

The Society continues to maintain a stable budget with the generosity of people near and far. Membership continues to grow, along with many new volunteers. We are very fortunate to have such a supportive community.

Academy Hall continues to be open every Thursday and Saturday from 10:00 a.m. to 2:00 p.m. and by appointment. All visitors are welcome.

NINA MORSE
PRESIDENT

HIGHWAY SAFETY COMMITTEE

The Highway Safety Committee serves as an advisory committee to the Board of Selectmen. When an issue or a complaint is submitted to the Board of Selectmen or the Town Administrator regarding highway or pedestrian safety, the Board of Selectmen will either act on the complaint immediately or refer it to our committee for further review. Upon reviewing the issue, the committee will make a recommendation to the Board of Selectmen relative to how they may address it. The Board is not bound to accept the recommendations of the committee and may choose to implement all or some of the recommendations of the committee.

The committee also has been assigned the task of reviewing any house numbering issues that arise within the town. There are roadways in our town where there is no rhyme nor reason to the house numbering sequence. As you can imagine, this problem could be a serious issue for any emergency department trying to locate a residence where there is an existing emergency. Again, as the committee becomes aware of house numbering issues, we review the problem and make a recommendation to the Board of Selectmen who may or may not adopt our recommendation.

The Committee is comprised of representatives from each emergency department as well as representatives from the community at large. For a list of the committee members please review the committee assignments listed in the beginning portion of this town report.

The committee does not meet on a regularly scheduled day or time. We meet as the need dictates which is usually three or four times a year. The meetings are usually held at the police station. If you would like more information about this committee please contact Town Administrator Peter Flynn.

Respectfully Submitted,
TIMOTHY RUSSELL,
CHAIRMAN

Recycling Committee

The purpose of the Henniker Recycling Committee is to promote and encourage recycling in our town, and to assist and advise the selectmen and the superintendent of the transfer station/recycling center in its operations.

Over the last few years, Bob Pennock, Superintendent of the Transfer Station/Recycling Center, has increased the number of items which may be recycled. One of our major goals as a committee is to motivate more people to take greater advantage of these expanding opportunities to recycle. We urge everyone to increase the recycled portion of their trash. The 1999 rate of recycling was 18.6% of the total trash and only 15% in 2000. This is less than most comparable committees and far from state goals of 40%. To increase recycling the committee has recommended that the selectmen and town consider adopting a Pay-As-You-Throw (PAYT) trash disposal system. The committee is concerned that the percentage of trash being recycled continues to decrease. The PAYT system charges for each unit (i.e. bag, pound, etc.) of waste that is disposed. Over 35 New Hampshire municipalities are currently using some sort of PAYT trash disposal system.

The Recycling Committee is also looking for new members. We need your interest and ideas for the good of our town and environment, and to reduce the cost to all of us for the disposal of our town's solid waste. The committee meets on the first Wednesday of the month at 7:00 p.m. at the Grange.

This past year the committee has been trying to work with New England College and Pats Peak to encourage town wide recycling. We are available to help and encourage businesses and landlords in their recycling efforts.

This past years annual household hazardous waste collection day was the most successful ever and we encourage everyone to take advantage of this yearly opportunity to keep harmful substances out of our environment. Members of the Committee have worked with a student group, the Earthsavers, in the Henniker Community School to encourage environmental awareness and the importance of recycling.

If you are interested in committee membership, please contact Joan O'Connor at 428-3530, Larry Parrish at 428-7954, or Bob Pennock at the Transfer Station at 428-7604.

The Recycling Committee concluded 2000 with the following membership:

Larry Parrish, Co-Chair
Joan O'Connor, Co-Chair
Barbara French
Karol Dermon
Ron Lavallee
Paula Vezina
Jessie Greenhalgh
Lia Houk

Respectfully submitted,
JOAN O'CONNOR
LARRY PARRISH
CO-CHAIRS

JEFF CLEMENT SKATE PARK COMMITTEE

The Jeff Clement Skate Park was up and running in November, 2000. The Skate Park Committee was fortunate to have obtained the services of Dave Wood of Custom Skatepark Development to design and build the high quality ramps that now exist. The ramps were completed just before the first snow, thus it was decided to delay the grand opening until 2001.

The number of individuals, companies and organizations (some known to us and some not) who donated money, time and energy to this Project was overwhelming. The Committee, but mostly the youth who are enjoying the Park, continue to feel a deep sense of gratitude for this support.

In the year 2001, the Committee will focus on the following:

A. Putting the finishing touches on the Park (i.e. landscaping, sign, park benches, etc.)
B. Review and act on the proposals from the community regarding other uses of the skate park (i.e. bikes, scooters and the like). The skate park design was intended for skateboards and in-line skates only.
C. Assisting with Summerfest 2001.
D. Public education re: skateboarding equipment and safety.
E. Recruitment of new committee members.

The following poem, written by 8th grade skateboarder, Rob Lambert, eloquently expresses how much skateboarding means to many of Henniker's youth:

Skateboard
My board is smudged red and white.
It sounds like a mini steamroller.
It tastes like pavement when I fall off it.
My board looks like a piece of wood.
But it helps me deal and makes me feel
like I'm important.

Try to take some time in 2001 to visit the Jeff Clement Skate Park and marvel at the skill involved in mastering this sport.

Respectfully Submitted,
Beth Allen, Out-going Chair
MaryEllen Schule

Pathways Committee

The Henniker Pathways Committee was formed in 1996 out of a need to deal with the problem of increased pedestrian and bicycle traffic along Old Concord Road, especially that section between town and the new soccer fields. The stated priorities from the beginning have been to create a path that:

- Remains within sight of the roadway for it's entire length
- Runs parallel to the roadway
- Has a physical barrier (curbing, posts, walls) between it and the roadway
- Is inviting enough to make it the preferred route of cyclists and pedestrians.

The committee sought and received 80% funding from the Federal government, raised almost $8,000 through private donations and received the support of the town for the remainder at last year's Town Meeting.

Since then, the selectmen and committee completed a selection process for an engineering firm, which included a site tour with applicants, review of their proposals and interviews. The Selectmen signed contracts with Edwards & Kelcey engineering firm in September, and preliminary design work started immediately.

A general meeting with all abutters was held in January, where Edwards & Kelcey presented a preliminary design. The purpose of this meeting was to inform those most acutely affected by the proposal, and to solicit their input. Since then, meetings have been held between the selectmen's office, Edwards & Kelcey and individual abutters, in an attempt to iron out specific concerns. Already changes have been made to accommodate those concerns, and we are close to a final design.

There was a public meeting on February 22nd which presented the design to the general public, and sought further input. A final plan must be approved by the voters at Town Meeting in order for the pathway to be built. We solicit your input, we solicit your support.

Respectfully submitted,
HENNIKER PATHWAYS COMMITTEE

Concord Regional Visiting Nurse Association

The Concord Regional Visiting Nurse Association continues to offer comprehensive health services to the residents of Henniker. The following is a description of these services:

Home Care Services respond to the health care needs of those patients with acute or chronic illnesses that require skilled professional and para-professional care so they may return to or remain in their homes. Emphasis is on promoting independence and maximum functioning of the patient within the least restrictive setting. Patients who receive services range from children who have a complex medical condition to frail elders who require supportive assistance to stay in their own homes.

Hospice Services provide professional and para-professional services to the terminally ill patient with a limited life expectancy. The goal is to enhance the quality of the patient's remaining life by helping he/she remain at home in comfort and dignity. Emphasis is on pain and symptom management and skilled intervention to meet the patient's special physical, emotional and spiritual needs.

CRVNA's Hospice House provides residential care to terminally ill patients who have no primary caregiver or need a supported residential setting. Often times patients are transferred into the Hospice House when a caregiver is exhausted and unable to care for them at home any longer. To date, this House has provided a home to approximately 500 terminally ill residents.

Community Health Services include health education, health maintenance, and preventive health services. The program includes preventive care, adult and senior health, child health, Baby's First Homecoming, immunizations for all ages, supportive services to school districts, parent education and support, health education, and nutritional counseling.

Community health includes health promotion services which focus on the low and marginal income families and individuals to prevent illness by professional assessment and screening for health risks and needs, by early intervention to prevent, eliminate or minimize the impact of illness and/or disability, and by anticipatory guidance and health teaching. Emphasis is on promoting healthy children, families, and individuals through early intervention and health teaching. Services rendered in the clinic setting include child health, adult screening, and immunizations. Home visits are made in crisis situations or when needed health care cannot be given in the clinic. Senior health services are provided at congregate housing sites.

Over the past two years, Senior Health Clinics have expanded to reach out to seniors who may require a monthly check by a nurse of their blood sugar, blood pressure, and/or diabetes management. The expansion of these services was in response to the decrease in Medicare services to seniors.

Professional and para-professional hourly home services are provided on a private fee-for-service basis. Health education and instruction are part of each home visit or clinic visit.

Anyone in Henniker may request service – patient, doctor, health facility, pastor, friend or neighbor. The nurse who completes an assessment will coordinate with the patient's physician a plan of care to meet the patient's specific needs. If the patient does not have a physician, the nurse will assist the patient to identify one and schedule a visit. The agency has developed a program with the NH-Dartmouth Family Practice Residency Program to coordinate a house call visit by a resident to a frail elder's home who is unable to leave his/her home.

A call to Concord Regional Visiting Nurse Association (1-800-924-8620) is all that is necessary to start services or make inquiries. The CRVNA office is open Monday through Friday from 7:30 a.m.

to 5:00 p.m. A nurse is on call 24 hours a day. The On-Call Nurse can be reached by calling 1-800-924-8620.

Total visits made during October 1, 1999 through September 30, 2000.

2 Hospice Volunteer Training Groups
1 Community Education Visit

Federal regulations specify a charge is applicable to all visits. Fees are scaled for the individual without health insurance and/or who is unable to pay the full charge. However, to fee scale, federal regulations require a financial statement be completed by the patient or responsible person. The community health services are provided to residents oftentimes free of charge. Town monies subsidize those visits that are scaled or that no fee is collectible.

This agency is certified as a Medicare/Medicaid Provider, licensed by the State of New Hampshire, accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) with commendation, and is a member agency of the United Way of Merrimack County.

University of New Hampshire Cooperative Extension

As your local link to the University of New Hampshire, Cooperative Extension provides practical, research-based education to people of all ages, helping them make informed decisions that strengthen youth, families, and communities, sustain natural resources, forests, wildlife and agriculture and improve the economy.

Merrimack County residents benefit from a wide range of Extension offerings, which include 4-H and youth development programs, monitoring water quality in our lakes and rivers, reducing the use of pesticides, parenting programs, land use management, food safety, forest stewardship, family finances, meeting the needs of low income families, strengthening our communities and developing a strong volunteer base while providing a wide range of information to citizens. This year, Extension expanded its public outreach with a toll-free Family, Home & Garden Info Line, staffed Monday through Friday, 9 am to 2 pm (1-877-398-4769).

Extension staff provides education to forest landowners, food producers and plant growers that help keep their enterprises profitable, thus preserving their land as open space. Many studies show that open space helps keep property taxes low, as it places few demands on taxpayers for services.

A major statewide Extension initiative, Strengthening New Hampshire Communities has impacted Merrimack County. Extension staff have worked with the communities in a variety of ways. several Merrimack Country towns have participated in Extension's exciting *Community Profile* process. A Community Profile is a tool to help community members create a vision about what they want their community to be like, and then forms action groups to reach those goals. In addition Cooperative Extension provides publications notebooks for all town libraries. The Extension currently participates in a monthly radio program on WKXL providing information to the communities throughout the County. Extension information can also be obtained from the Web at ceinfo.unh.edu. Follow-up support is available from UNH Cooperative Extension staff.
Other community efforts include after school programs, teen assessment projects, wellness teams, town office visits, the Master Gardener program, working with town officials to make sure local ordinances are "agriculture-friendly" and assisting schools with maintenance of athletic fields and landscaped areas.

The staff in Merrimack County includes nine Extension educators, two state specialists and three support staff. Educators reach approximately one of every four families in the county.

Community Action Program

Belknap-Merrimack Counties, Inc.

2000 Summary of Services
Provided to Henniker Residents by the
Kearsarge Valley Area Center

Service Description	Units of Service	Households/ Persons	Value
COMMODITY SUPPLEMENTAL FOOD PROGRAM is a nutritional program that offers participants free nutritious foods to supplement their daily diet. The program serves children under six years of age, women during pregnancy, and up to 12 months after the birth of their baby. Value $22.00 per unit. *(An individual may not be enrolled in both the WIC Program and CSFP but a family may have members on both programs.)	PACKAGES 213	PERSONS 18	$4,686.00
CONGREGATE MEALS: All elders are welcome to our congregate meal sites/Senior Centers for nutritious hot meals, social/ recreational activities, and special events. Value $5.99 per meal.	MEALS 36	PERSONS 4	$215.64
FUEL ASSISTANCE is available to income eligible households to help with energy costs during the prime heating season. Priority is given to the elderly and disabled. The average benefit for the 1999-00 program was $616.00.	APPLICATIONS 47	PERSONS 119	$30,215.00
TRANSPORTATION provides regularly scheduled demand response to and from towns in Belknap and Merrimack Counties to medical and professional facilities, shopping centers, and congregate meal sites. Value $8.95 per ridership.	RIDES 111	PERSON N/A	$993.43
MEALS-ON-WHEELS provides the delivery of nutritionally balanced hot meals to homebound elderly or adult residents five days per week. Value $6.10 per meal.	MEALS 3,335	PERSONS 29	$20,465.50
NEIGHBOR HELPING NEIGHBOR provides emergency energy assistance up to $250 for those not eligible for fuel assistance.	GRANTS 3	PERSONS N/A	$750.00

Service Description	Units of Service	Households/ Persons	Value
SENIOR COMPANION PROGRAM provides friendly visiting and respite services for homebound elderly. Income eligible seniors (60+) serve as companions. Value to companions includes mileage, weekly stipend ($4.56 per hour). Value to visitees is comparable to similar private sector services ($4.56 per hour).	VISITEES 1	HOURS 86.5	$490.00
WOMEN, INFANTS AND CHILDREN (WIC) provides specific food to supplement daily diet of pregnant or nursing women, as well as children under five. Participants receive medical/nutritional screening, counseling, and education. Value includes value of vouchers and clinical services at $41.10 per unit.	VOUCHERS 364	PERSONS 30	$14,960.40
USDA COMMODITY SURPLUS foods are now distributed directly to local food pantries and kitchens on a quarterly basis. These pantries and soup kitchens service all in need, not just town residents.	CASES 177		$4,752.44
INFORMATION AND REFERRAL. CAP provides utility, landlord/tenant, legal and health counseling, as well as referrals for housing, transportation, and other life concerns. These support/advocacy services are not tracked.			
WEATHERIZATION. Improves the energy efficiency of income eligible households. Supplemental program also includes furnace replacement, water heater replacement and roof repair. Value includes average material and labor.	HOMES 2	PERSONS 3	$3,671.91
GRAND TOTAL			**$81,200.32**

White Birch Community Center

White Birch Community Center is committed to providing members of the Henniker community with programs to meet the needs of all generations. This responsibility is firmly entrenched in every decision made by the Board of Directors and White Birch representatives.

With great pleasure, White Birch Community Center reports another successful year of community involvement.

White Birch Community Center is a private, non-profit organization that focuses on the educational, social and recreational needs of the community so as to enable people to create a balance of work and leisure. In addition to offering the programs highlighted below, the Center also provides licensed child care for children aged 18 months to 12 years and half-day nursery school for three-and four-year olds.

YOUTH PROGRAMS

In collaboration with the Henniker Community School, the Henniker Police Department and SAU24, White Birch began a pilot program, After School Activities Program (ASAP), for children in fifth and sixth grade at the Community School. The program offers high quality learning activities in conjunction with regularly scheduled field trips. A weekly curriculum theme provides a framework that enriches each participant's knowledge of a self-selected topic.
Extensive opportunities are given for peer social interaction. Mentors from seventh and eighth grades, under the supervision of adult staff, assist with program implementation. ASAP is partially-funded through a state grant and seeks to reduce high risk behaviors, including youth crime, violence, drug, alcohol and tobacco use. Very special thanks go to Principal Fred Roberts of the Henniker Community School and MaryEllen Schule of White Birch for their commitment to promoting excellent programs for Henniker's youth.

From July through August, the Center held summer day camps for elementary-age children. Camp programs were conducted seven weeks this past year. Some of the highlights were:
1) producing a White Birch "Peter Pan" show, then traveling to a theater in Massachusetts to see gymnast Cathy Rigby play in a role of "Peter Pan"; 2) camping outdoors daily at Camp Tuckernuck in Deering and ending the adventures with an overnight camping experience; and 3) learning a variety of circus activities, creating our own White Birch Big Top Circus, and finally going to the professional Big Apple Circus.

Outdoor Adventure Days for youth in grades in grades 5-8 had eight great trips this summer. Participants went to Surf Coaster, a Revolutions vs. NY/NJ Metrostars game, Boulder Morty's, Water Country, Canobie Lake Park, Funtown U.S.A., Six Flags New England and a canoe adventure on the Contoocook River.

SENIOR CITIZEN PROGRAMS

White Birch has more than 450 senior citizens on our mailing list. For much of the year, monthly trips and activities were scheduled. A newsletter informed residents about upcoming seminars and other local events of interest. Participants enjoyed day trips, special events, monthly luncheons and holiday activities. Our annual picnic at Tall Pines Cottages on Keyser Pond was a wonderful chance for people to come together at the end of Summer. Abundant kudos must be given to our volunteers who committed to making these activities continue. Special thanks are in order to Carol Gaidos, Larry Damour and Marguerite Damour, as well as to several White Birch staff members. Our goal is to continue with as many activities and events as possible.

COMMUNITY PROGRAMS

White Birch also sponsors various community-wide children's events such as our " Children's Halloween Party," and " Breakfast with Santa." The Center wishes to acknowledge the Office of

Community Service, and fraternity and sorority organizations at New England College for their valuable assistance in making these events possible. Great thanks, also, to the many John Stark and Henniker Community School students who volunteer their time and talents to our Community events.

Through White Birch, free swimming lessons were offered to Henniker children, ages six to twelve years, for a two week period. A Red Cross-certified instructor worked with more than 70 children concentrating on the basics of swim safety and advanced skills.

The two new initiatives begun by White Birch in 1999 were in full operation in 2000: Dial-a-Ride and the Henniker Community Outlook. Dial-a-Ride offers rides to Henniker residents aged 55 or over to and from needed appointments. The Henniker Community Outlook is a monthly newsletter highlighting Town monthly events and information and is sent to all Henniker residents.

Respectfully submitted,
DOTTIE KELSEY
EXECUTIVE DIRECTOR

Henniker Rotary Club

Rotary is an organization of business and professional persons united worldwide who provide humanitarian service, encourage high ethical standards in all vocations and help build goodwill and peace in the world.

The Henniker Rotary Club, chartered in 1984 is one of 29,000 clubs in 163 countries with 1.2 million members. During the year 2000, the Henniker Club was very active in raising and distributing funds for the benefit of community service projects, grants to local organizations and scholarships, supporting several Rotary International projects and spearheading a range of community improvement activities in the Henniker and Hillsboro areas.

Community Improvement activities included further enhancements and plantings at Amey Brook Park; publication and distribution of a new edition of the Henniker-Hillsboro Outdoor Guide; sponsoring the 10th Annual Henniker Rabies Clinic, conducting quarterly Adopt-A-Highway trash pick-ups along Rte 114; purchasing and hanging new holiday wreaths for the Henniker business district; and pledging funds for the Hillsboro Main Street project.

The club provided scholarship assistance to the following graduating seniors: Sarah Lewis, Brooks Burtt Scholarship, Valerie Blindt, Ron Rosenbleeth Scholarship; Sara Cowin Hillsboro Scholarship; sponsored area high school students in attending Youth Leadership Training offered by Rotary District 7870 and the Hugh O'Brien Youth Leadership Institute, provided grants to the Henniker and Hillsboro Middle Schools for students to participate in Ropes Course Challenge Activities at Camp Spaulding and made a number of grants to local organizations including local food pantries, the Henniker/Hillsboro Domestic Violence Council, Girl Scouts and Camp Spaulding campership funds for area youth.

Internationally the club raised money for the Pure Water and Polio Plus projects, supported the participation of Henniker's Kris Blombeck, General Manager at Pat's Peak as a member of the Rotary District 7870 Group Study Exchange to Northern Italy and rejoiced in the selection of Kate McGraw of Henniker as the Districts Ambassadorial Scholar for 2001-2002. Kate will receive a full year's study abroad provided by The Rotary Foundation.

In July, 2000 Henniker Rotary member Jean-Louis Nicknair was named District Governor of Rotary for the coming year. Club members have been working hard to help DG Jean Louis fulfill his goals for the year and are proud to have one of our own members selected for this important position.

We extend an invitation to interested business and professional members of our community to attend one of our meetings and learn more about how Rotary is serving our community. The club meets weekly on Thursday mornings from 7:30 -- 8:30 AM at the Congregational Church Parish Hall. Meeting include breakfast, fellowship, a guest speaker on a topic of community interest and getting together to work on upcoming service activities. If you would like information on how to apply for Henniker Rotary Club grants, or if you have a community project of interest, speak to a Rotary Club member or write to the Henniker Rotary Club, PO Box 695, Henniker, NH 03242.

Respectfully submitted,
LISA HUSTIS - PRESIDENT 2000-2001

Town Clerk

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Henniker, New Hampshire

We have audited the accompanying general-purpose financial statements of the Town of Henniker as of and for the year ended December 31, 1999, as listed in the table of contents. These general-purpose financial statements are the responsibility of the Town of Henniker management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amounts that should be recorded in the General Fixed Assets Account Group are not known.

In our opinion, except for the omission of the information discussed in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Henniker as of December 31, 1999, and the results of its operations and cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The individual and combining fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Town of Henniker. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.
